

**A PURPLE RIBBON
OFFERING**

J & S
Polled Shorthorn
Dispersion

OCTOBER 14

COLUMBIA, MISSOURI

A portion of the J & S cow herd. These all sell. Left to right, Lots 30, 42, 50, 36, 40 and 18.

J & S FARMS'

POLLED SHORTHORN DISPERSION

COLUMBIA, MISSOURI

SATURDAY, OCTOBER 14

75 LOTS

15 BULLS

60 FEMALES

GENERAL SALE INFORMATION

TIME AND PLACE — Saturday, October 14. Sale will begin at 12:00 p.m. C.D.T. J & S Farms are located 7 miles north of Columbia on I-70 to Huntsdale Exit, then north $\frac{1}{4}$ mile, on east side of road.

TERMS — The terms of this sale are cash. Checks should be handed to the clerk immediately after the sale. Please be sure to give clerks correct transfer information.

GUARANTEE — Since this is a dispersion, there will be no guarantee. Herd bulls will have calves to prove their breeding ability. Other yearling bulls, through summer yearling age, will be semen tested. Cows will either have calves at foot, be bred, or pregnancy checked.

LIABILITY — J & S Farms, its owners and employees accept no liability for accidents that may occur. Mishaps at cattle sales are rare but all attending do so at their own risk. The sale manager, his staff, the auctioneers, ringmen and clerks are employed for specific promotional and sales tasks not connected with the handling of the cattle, condition of the premises, fulfillment of guarantees or status of health papers. The sale of each animal constitutes a contract between the buyer and seller and the sale manager cannot be responsible for the fulfillment of the contract. Where footnotes appear they were written by the owners and employees of J & S, or from the information provided by them. Announcements from the block take precedence over footnote information.

AUCTIONEER — Don Smock, Whiteland, Ind.

SALE HEADQUARTERS — Holiday West, Columbia.

HEALTH — Interstate health charts will be provided on each lot.

LUNCH — Will be available sale day.

MAID BIDS — We hope it will be possible for you to be at J & S Farms on October 14. If it is impossible to attend, and you would like to place a bid, direct them to the auctioneer or any of these responsible men:

Ted Aegerter or **Bill Stunkel**, American Shorthorn Ass'n., 8288 Hascall Street, Omaha, Nebr.

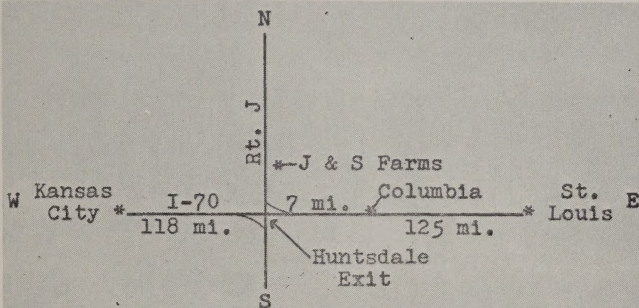

Mike Kershaw, The Shorthorn World, 16 South Locust St., Aurora, Ill.

Mark Dempsey, The Missouri Ruralist, Shelbina, Mo.

INSURANCE — Insurance will be available sale day.

SALE MANAGER — A.S.A. Sale Management, 8288 Hasca11 St., Omaha, Nebr.

TELEPHONE — On sale day phone 314-445-5264.

Located 7 miles west of Columbia on
I-70 to Huntsdale Exit, $\frac{1}{4}$ mile north

LETTER FROM JOE AND SAM MARSH — OWNERS OF J & S FARMS

Dear Shorthorn and Polled Shorthorn Friends:

Due to conflicts of interest, we find ourselves spending too much time with the cattle. So, with many regrets, we have decided to disperse the J & S herd in which for ten years, we have had great interest and pleasure.

Improvement of type and quality has been our aim as we have viewed and reviewed the progress of the herd. The many visits of you fine people have been a great part of our pleasure. We hope you will not forget us and will continue to drop in at J & S.

We extend our warmest invitation to all interested in Polled Shorthorns to be with us on October 14, 1972.

Joe and Sam Marsh.

LETTER FROM J. W. BRUNE

Dear Friends,

Alice and I moved here three years ago in August. Since that time we have joined many friends in the Shorthorn world. We will always cherish your friendship and hope to continue working with you to improve the Shorthorn breed in the years to come.

In the past three years the J&S herd has undergone drastic change. It has changed with the times. To move forward this way each cow has been selected strictly on her contribution to the herd. She must produce a sound, profitable, modern calf each year. To achieve this we have culled one-third as many cows as we have kept. This is rigid culling!

Furthermore, we have used herd sires that we believe have all the necessary qualities to produce salable calves. These young sires are just beginning to prove themselves. Their first and second calf crops have already been accepted by you in both the show and sale ring.

We have watched this herd grow and mature in the past few years and we know each animal individually. As much as we hate to part with this herd, we know the animals will perform to meet your highest standards, because they have for us.

Sincerely,

J. W. and Alice Brune.

From the Sale Management:

Much as we hate to see dispersions, they are a common happening in the registered business.

Many times dispersions are a big help to a breed. Especially if the herd being dispersed has ceased to be a contributing factor to state programs and to breed progress. These cattle generally do more good in the hands of more enthusiastic breeders.

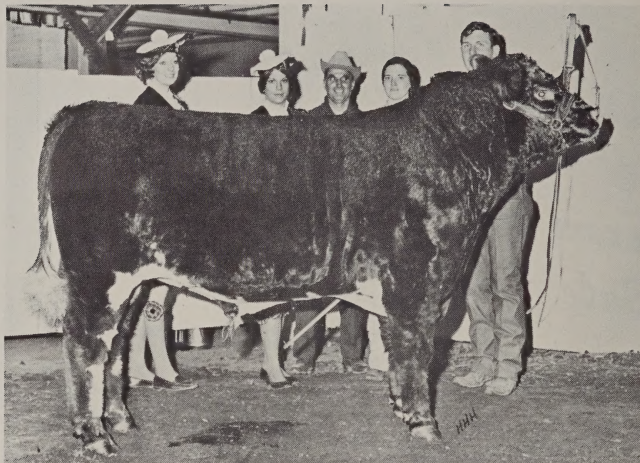

However, in the case of the J & S Dispersion, the breed is suffering a strategic loss. Not only have the owners and manager of J & S contributed much to the success of state and national shows and sales, but they have gone to great expense to change the entire complexion of their herd into an unusually modern unit.

Consequently, J & S is dispersing at the very time they could be "cashing in" on the blood of their highly successful bull battery and strong cow aggregation. Their current success is not unexpected as you will see when you study the pedigrees of the cattle being offered and then see the cattle themselves.

Be with us on sale day and share this "purple ribbon" offering. We doubt there will be a sale this year containing so many good herd sires, herd sire prospects and brood cows of the modern type.

This can be your opportunity to infuse "high octane" improvement into your herd.

A.S.A. Sale Management.

VRB PRINCE x. International reserve senior champion. His service is a feature of this sale.

BD STAR 46th x (Moses) — A member of our 1970 and 1971 show string. A class winner at the 1971 Denver show, an All-American and junior champion at the 1971 Missouri State Fair. "Moses" sold in the 1972 Polled Congress, Kansas City, Mo. to Louis Womack, Liberty, Miss. at \$1700 for $\frac{3}{4}$ interest. We honestly believed he would be one of the greatest breeding bulls of any we saw on the show or sale circuit last year. His calves are proving us right. Here is your chance to buy the get and service of this promising sire.

Quality, as well as size, makes up the J & S cow herd as indicated by this female picture.

B D PRINCE KING 101st x (Big D) — The reserve grand champion of the Missouri State Fair, Sedalia, Mo.; reserve grand champion of the Mid-South Fair, Memphis, Tenn., first in class at Kansas State Fair. This young herd sire has been one of our favorites in the show ring. This modern bull has size, scale and muscling. Quite a few of the cows have his calves at side. His calves exemplify the qualities of this young herd sire. We have yet to see a horned calf. He could easily be a 100% dehorner. We sold 1/2 interest and 1/2 possession to Alpine Farms, Lexington, Mo. 1/2 interest and 1/2 possession sells.

BP Joy King 49th x (Pipeline). An extremely modern, impressive bull. A great buying opportunity. His progeny have the look of champions.

A "GROWTH" STOCK

Shorthorn and Polled Shorthorn cows are a growth stock: In financing parlance this means a sound investment that is assured of increasing in value.

The future of all beef cattle looks bright. The growing population in America and a growing per capita beef consumption makes investment in cow-calf programs mighty attractive.

The Shorthorn-Polled Shorthorn future looks especially bright. That is because the breed has more to offer the beef world than any other breed.

There are breeds more highly glamourized...there are breeds with more inflated values but no breed is more universally recognized for its improvement ability than the Red, White and Roan. Nearly every large, exotic breed in the world owes much of its parentage to Shorthorns. If you really think about that fact alone, you should have a greater appreciation for Shorthorns.

No breed has more genetic purity than Shorthorns. The breed has no problem with dwarfism, cancer eye, prolapses, sunburned udders. No beef breed is so enriched with milking ability, with docility, with gaining ability.

We could go on and on about Shorthorn superiority and their higher profit potential. If you own Shorthorns, you know their dependable productive ability. If you don't own Shorthorns, it is high time you did. The females offered in this sale can do much to cement your faith in our breed.
